Dedication

When we recall the highlights of our lives at Holmes Junior College, it will be our instructors to whom we owe our highest tributes.

The true worth of a teacher is best reflected in the growth, the development, and the ideals of the students whom he has taught. A sincere and dedicated instructor, this gentleman has worked for and with us and has given generously of his time and wisdom. Our insight has been deepened and our knowledge magnified by one who will forever remain bold in our memory.

We are confident that we are better individuals for having known and worked under the guidance of...
